

RVA Periodontics and Dental Implant Center

2801 McRae Road, Suite C-1, Richmond, VA 23235

Tel: 804.272.9079 Fax: 804.272.9107

Shivangi B. Amin, DDS, MS

Surgery Policies and Pre- Operative Notes

Our office requires a deposit equaling 20% of the *estimated patient portion* to be paid at the time of scheduling your surgery appointment. This deposit is ***non-refundable***, secures your appointment date and time, and gives us the ability to order any specific materials needed to complete your procedure. If you have any questions or concerns that should arise prior to your surgery date, please contact the office to schedule a time to meet or speak with Dr. Amin or one of our front desk team. As a reminder, **we require at least 48 hours' notice to cancel or reschedule your appointment.** If proper notice is not given to our office, you will be billed for **\$75 per half hour of the appointment.** We understand emergencies arise, and that your time is valuable as well as our doctor's, so it will be left up to the doctor's discretion as to whether the fee will be applied, or your deposit refunded, for missing or rescheduling your appointment.

Pre-Operative Notes

- Please make sure that the office has your pharmacy information to be able to send in all needed prescriptions. If your pharmacy needs to change, please contact the office as soon as possible.
- If medical clearance is needed, please give the office the appropriate doctor's information, so that we can send and receive all information needed to complete your treatment.
- Make sure to pick up your medications prior to your appointment. If you have an antibiotic, please begin taking them as prescribed on the bottle, 48 hours in advance of your appointment. You may begin taking pain medication, no sooner than 1 hour before your appointment.
- If you are getting ***oral or IV sedation***, you **MUST** have a driver who will need to remain in the office for the entirety of the procedure. They must also be on your HIPAA Consent to receive your post-operative instructions, and to make any decisions on your behalf should a medical emergency arise.
- ***Oral or IV Sedation*** patients may NOT eat or drink for 8 hours prior to the appointment. ***Patients receiving Nitrous Oxide***, may NOT eat or drink for 2 hours prior to the appointment.
- If you have medically necessary prescriptions to take, please take them with a small amount of water. Some patients tend to feel cold during their procedure, so we suggest bringing a light jacket or blanket to feel more comfortable.

We appreciate you choosing our practice to continue providing you with the utmost periodontal care.
